STEELSERIES SCOPE

SteelSeries & GUNNAR Optiks teamed up to create a unique blend of style and comfort. Featuring an extended coverage frame and a custom designed carbon socket set, the Scope offers the serious gamer a unique style with the reliability of GUNNAR's i-AMP lens technology to protect their eyes, stay focused and play longer.

KEY FEATURES

- Adjustable silicone nose pads provide a customizable fit;
- Fastener free hinge design and high tensile steel construction create incredible durability;
- Gently curved temples provide necessary retention to keep eyewear in place;
- Ultra slim temples distribute headphone pressure to ensure headset compatibility;
- Interchangeable sockets create endless design and customization options;
- One piece front construction eliminates all welds, screws and other potential points of failure;
- Flexible temples conform and ergonomically fit a wide range of head and face shapes.
